Antalya Bilim University

Bachelor's degree,
Computer Science

Grade: 3/4

About me

I'm a dedicated web and mobile developer, constantly expanding my expertise in modern programming techniques and frameworks. My visual memory enhances my code comprehension and design capabilities. I prioritize professionalism in every project and always seek opportunities to advance in the ever-evolving tech landscape.

Experience

Technical Lead – React & React Native Developer

7StyleUG March 2024 – Aug 2024 Berlin – Germany Remote

As a technical lead at 7StyleUG, I focus on outsourced projects, specializing in mobile and web development with a strong emphasis on AI integration. I utilize a diverse skill set and various technologies to deliver high-quality, AI-driven solutions tailored to client needs.

React & React Native Developer

Codana GmbH May 2022 – March 2024 Heilbronn – Germany Remote

Codana is a company where I am primarily engaged in outsourced work. Within the company, I specialize in mobile and web development, utilizing a range of skills and technologies.

Intern

Hotech Jul 2021 – Aug 2021 Antalya – Türkiye Remote

I conducted code reviews on Python, Java, and Node.js projects and developed solutions tailored to client needs. I participated in project management meetings and deepened my knowledge in the management domain.

Project Team Manager

Arena Game Studios Dec 2020 – Jun 2021 Istanbul – Türkiye Remote

At Arena Game Studios, I made significant contributions to the "Kayra Online" game as a Project Team Leader and developer. I designed game objects using Unity3D and C# and managed both in-game and out-of-game aspects. My efforts were pivotal in the successful development and launch of the game.

RPA Developer

Momentum Bt / Arya-ai Aug 2020 – Oct 2021 Antalya – Türkiye Remote

In my remote role, I specialized in RPA using UiPath, delivering several market-ready projects and deepening my expertise.

Intern

Momentum Bt / Arya-ai Jun 2020 – Jul 2020 Antalya – Türkiye Remote

During my internship, I honed my skills in RPA using UiPath, completing a Proof of Concept and developing eight market-ready projects.
